

FISCAL NOTE

SB 1365 - HB 1605

March 28, 2001

SUMMARY OF BILL: Specifies that firefighters, firefighter emergency medical technicians, emergency medical technician paramedics, and firefighter paramedics employed by local governments not be held personally liable for claims of malpractice arising out of their duties of employment.

ESTIMATED FISCAL IMPACT:

Local Govt. Expenditures - Cost Avoidance - Exceeds \$100,000

The October, 2000 state Supreme Court decision in Mooney v. Sneed affirmed the lower court's decision that EMT's and EMT-P's were health care practitioners and were not protected by immunity provisions of the Tennessee Governmental Tort Liability Act. This estimate assumes in the absence of the bill, local governments would have to purchase malpractice insurance for EMT's and EMT-P's that they employ. The cost of such insurance is estimated to be significant.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
